brought to you by

Rub-A-Dub Seasoning is not only delicious, but also includes native, ethical and enviro elements. We source our herbs and spices from local and indigenous farmers who use sustainable and organic farming practices. We give back to endangered wildlife and help raise awareness to our dwindling flora and fauna.

Our menu contains allergens and is prepared in a kitchen that handles nuts, shellfish, gluten. Whilst all reasonable efforts are taken to accommodate guest dietary needs, we cannot guarantee that our food will be allergen free.
